1 international final: March 2022

3 students per team

To participate:
abc.accuracy.com

What quality will you bring to your team?

ABC Competition

The seventh edition of the Accuracy Business Cup allows students to compete in a series of real-life business cases against other international university students.

The best teams will be selected to present their findings to a panel of Accuracy consultants, and the winning team will face other national champions for the final case.

To participate:
abc.accuracy.com
